9419 ANN ST. SANTA FE SPRINGS, CA. 90670 562-946-1907 (FAX) 562-946-5637

Part# 608412
07-08 Mazda CX-9 2Pc. Billet Grille
Installation Instructions

Hardware Kit: (6) 1 1/2" Fully Threaded Studs (6) K-Lock Nuts
(6) Powder Coated Brackets

- Step 1: Remove all of the plastic clips and bolts that attach the front fascia to the core support.
- Step 2: Once all of the clips and bolts are removed gently pull the front fascia away from the core support. You will only need enough room to gain access to the backside of the upper grille shells.
- Step 3: Install the fully threaded studs into the threaded tabs on the backside of the billet grilles.
- Step 4: If you are installing part number 608413 now is the time to do so. If not move on to step 5.
- Step 5: Center each of the billet grilles into their correct grille shell openings.
- Step 6: Place the powder coated brackets over the fully threaded studs and hold in place using the k-lock nuts.
- Step 7: Make sure that the grilles are centered to your liking and secure all hardware.
- Step 8: Reattach the front fascia to the core support using the factory hardware removed in step 1.

Installation Is Now Complete!!!!!!
