

***2013
ANTI-PERFORATION
LIMITED WARRANTY
SUPPLEMENT***

Mazda warrants that the body sheet metal panels of your new Mazda Vehicle are free from defects in material or workmanship which result in perforation (a hole through the body sheet metal panel, from the inside to the outside of the panel) due to corrosion, subject to the following terms and conditions. Corrosion other than perforation resulting in a hole through the body panel, due to defects in material or workmanship, is covered under the New Vehicle Limited Warranty.

A Mazda Dealer will either repair or replace any body sheet metal panel perforated due to defects in material or workmanship, under normal use, without charge to you.

1. Warranty Period

The warranty period is for the first **96 months** from the earlier date of either retail delivery or first use of the Mazda vehicle. Annual Body Inspections are required. Failure to complete these will limit the Anti-Perforation Limited Warranty to 60 months of coverage. During the warranty period, this warranty is transferable without charge to subsequent owners. Please use the "Subsequent Ownership Notification" attached to the end of the booklet to make this change. If you have any questions in this regard, please contact your Mazda Dealer for assistance.

2. Warranty Application

The "Warranty Application" is the same as stated for New Vehicle Limited Warranty section of this booklet.

3. What Is Not Covered

- Any perforation due to corrosion of the Mazda Vehicle which is caused by industrial fallout, accident, damage, abuse, vehicle modifications or cargo that is damaging or corrosive to the Mazda Vehicle.
- Any surface corrosion of the Mazda Vehicle which does not result in perforation, such as that typically caused by sand, salt, saltpeter/nitre, hail or stones.
- Any perforation due to corrosion of the Mazda Vehicle which results, not from a defect in material or workmanship, but from failure to maintain the Mazda Vehicle in accordance with the procedures specified in item 4. (Your Responsibilities) of this warranty and the Owner's Manual provided with your Mazda Vehicle.
- Any perforation due to corrosion of a part of the Mazda Vehicle which is not a body sheet metal panel. As used herein, "body sheet metal panel" specifically excludes all parts which are components of the exhaust system of the Mazda Vehicle.
- Any perforation to panels previously repaired to correct collision damage, fire, theft, natural disaster, etc.
- Removal of the vehicle from the warranty-applicable market for which it was produced.
- If the vehicle has been classified a total loss and/or sold for salvage purposes or branded for any other reasons.

4. Your Responsibilities

You should maintain your Mazda Vehicle in accordance with “APPEARANCE CARE” in the Owner’s Manual.

- You shall receive an inspection of the body as part of the scheduled yearly maintenance (every 24,000 kms or 12 months, whichever occurs first) to be performed at your expense by an Authorized Mazda Dealership within 90 days of the anniversary of the vehicle warranty start date.
- You shall retain the evidence that proper maintenance and body inspections have been performed on your Mazda Vehicle by an Authorized Mazda Dealer.
- You must repair, without delay and at your expense, any body corrosion or damage due to customer neglect, lack of maintenance or external causes which are found and reported by a scheduled inspection.
- You should inform an Authorized Mazda Dealer at the earliest possible date, when you find perforation to a body sheet metal panel of your Mazda Vehicle.

Inspect the body sheet metal panels of your Mazda Vehicle frequently and if you detect any stone chips or scratches in the paint or protective coating, touch them up immediately. Failure to have the annual body inspection completed at an authorized Mazda dealer will limit the Anti-Perforation Limited Warranty to 60 months.

In addition, special care should be taken to protect your Mazda Vehicle from corrosion.

- 1) If you drive on salted roads, or if you drive near the ocean, flush the underbody at least once a month with clean water.
- 2) It is important to keep the drain holes in the lower edges of the body clear.
- 3) If your Mazda Vehicle is damaged due to an accident or any event which may cause damage to the paint, have your Mazda Vehicle repaired as soon as possible.
- 4) If you carry special cargo, such as chemicals, fertilizers, de-icing salt, or other corrosive substances, be sure that such materials are well packaged and sealed.
- 5) If you drive frequently on gravel roads, we recommend that you install stone guards behind each wheel.

5. To Get Warranty Service

You must take your Mazda Vehicle, along with this booklet, to any Mazda Dealer in Canada, the United States, Mexico or Puerto Rico during their normal service hours. If you have any questions or need assistance regarding this warranty, refer to “When You Need to Talk to Mazda” on page 7.

6. Limited Liability

The liability of Mazda under this warranty is limited solely to the repair or replacement of parts defective in material or workmanship by a Mazda Dealer at its place of business. Specifically, it does not include any expense of, or related to, transportation to such a dealer or payment for loss of use of the Mazda Vehicle during warranty repairs.

7. Other Terms

The “Other Terms” stated on page 15 in the New Vehicle Limited Warranty also apply to this warranty.
